

STRATEGIC PLAN 2025

FOREWARD

It is with pride and anticipation that the Board of Directors of the Anglican Schools Commission (ASC) declares its Strategic Plan 2025.

The pursuit of the ASC's core purpose to establish new schools, continue to support and develop established schools and provide low fee, accessible, quality education in the Anglican tradition, has been unwavering. It all started in 1985 with one co-educational school under construction in the northern suburbs of Perth. Almost four decades later we have a system of 15 schools, including many spread across the Perth metropolitan area, a high-rise school in the Perth CBD, three in regional Western Australia and three spanning the border area of Victoria and NSW. Among them is a school with boarding facilities and a separate language school to support international students.

At the centre of development of our strategic plan was key stakeholder input, an intensive ASC Board workshop and a working party of Board Directors, Chief Executive Officer The Reverend Peter Laurence OAM and ASC senior staff who ensured that the document clearly reflected our purpose and culture. The words describing an ASC education - Anglican identity, excellence, justice, respect, integrity and inclusion - were at the forefront of the Board's thinking, ensuring the coming years would be dynamic, progressive and exciting ones in the life of the ASC.

The ASC's strategic direction lives in and through our schools. While this Strategic Plan is a Board document, it will also inform School Councils as they develop school-based strategic plans.

On behalf of the Board of Directors of the Anglican Schools Commission, I commend to you our Strategic Plan 2025 – a document of belief, growth and optimism in the future.
