

Do your students need EaL/D ATAR?

A proven
remote
program
for EaL/D
students in
WA schools

Taught by Miss Kate Simeon
Deputy Director and
Academic Coordinator ASC
Language School

EaL/D *Remote* Years 7-12

"Hi, I am Kate Simeon, the Academic Coordinator of ASC Language School. I have over 16 years experience teaching English as an Additional Language/Dialect (EaL/D) and lead a team of language specialists at our school. We offer EaL/D for Years 11 and 12 ATAR as well as Middle School. The EaL/D course is designed for students who speak another language or dialect as their 'home' language. EaL/D focuses on developing the competent use of standard Australian English in a range of contexts and teaching academic English skills needed for tertiary studies. Please feel free to contact me anytime at ksimeon@ascschools.edu.au for any questions about English learning."

Microsoft *Incubator School*

The ASC Language School is proud to be a Microsoft Incubator School using the latest Edutech platforms and applications. Our teachers are TRBWA registered and TESOL trained. The Microsoft certifications achieved by our team include:

- Microsoft Certified Educators
- Microsoft Innovative Educators (MIE)
- Microsoft Innovator Educator Expert (MIEE)

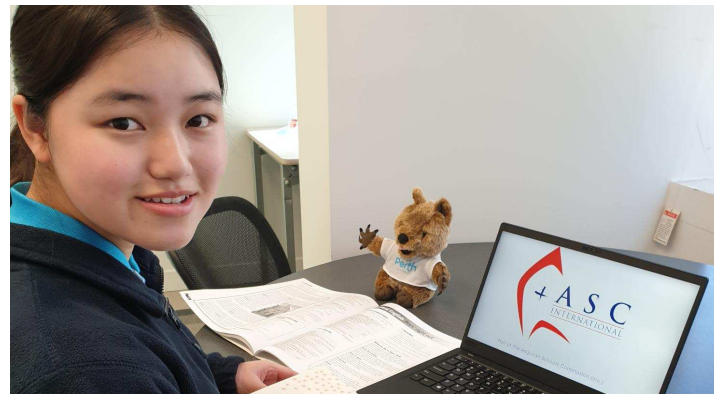

Benefits *A student's perspective*

"I used to get 50s when I was doing English ATAR and now I get 80s in EaL/D ATAR. As someone from a non-English speaking background, it took me longer to process what was taught in English lessons. In EaL/D ATAR, vocabulary, grammar and pronunciation mistakes are taken into account and do not affect your marks as much. The content is more relatable and do not require you to have a 'native Australian' background." - Teena Kim, Year 12 EaL/D student

ATAR *Classes*

A hybrid learning model with a minimum of 55 hours teaching time per unit:

- 3 x 50 minute live tutorials (2 off grid and 1 on grid)
- 2 x 50 minute prerecorded lessons or independent work on set tasks
